NOTES PRIOR:
^should be the image on the broken link

>> Logo source:

- **The Broken Link Replacement:** The empty box has been replaced with an `<img>` tag sourcing `image_645827.png`
- **Styling:** I used inline CSS mapping the exact layout, including a `Georgia` serif font to replicate the text styling. I embedded standard SVG icons colored in teal (`#0b6058`) to match the visual styling from the original image.
- **Company Logo:** A placeholder `abi-logo.png` is placed at the bottom right where the logo currently sits.
